2016 Canine Year End Report

Towards the end of August 2016, Chief Edinger sent out an e-mail stating the department might be getting a new K9, and asked to submit a letter of interest to him for any officer that is interested. On August 25th, 2016 I submitted my letter. Towards the end September 2016, I met with Chief Edinger and Major Johnson to interview for the position. I was informed I would be the new K9 handler if the department chooses to bring the K9 back to Jamestown. Chief Edinger informed me the K9 was in Nebraska, and he and Sgt. Sinclair from Bismarck PD were going to go look at the K9 and, depending on how well he performs, bring the K9 back to Jamestown with them. On September 29th, 2016 I received a phone call from Chief Edinger stating they were on the way back to Jamestown with the new department K9, K9 Odin.

I met with Chief Edinger and Sgt. Sinclair that afternoon and went over some basic training with him and K9 Odin. Sgt. Sinclair informed me I would be training with him over the next couple weeks to work on some narcotic sniffs and some patrol work in Bismarck to work on getting K9 Odin certified.

On October 26th, 2016 I attended the National Police Canine Association (NPCA) certification class held in Bismarck. K9 Odin and I received a certificate of certification for narcotics.

Since K9 Odin and I were teamed up late in the year, we were unable to take many calls for service in 2016. K9 Odin had 5 calls for service, 3 of which K9 Odin deployed for narcotic sniff. One CFS K9 Odin was requested for a vehicle sniff, but while enroute was informed officers had gotten consent to search. The breakdown of K9 Odin's CFS is as follows:

- Schools – 1
- Houses – 1
- Prison/Jail – 1

K9 Odin and I continued to train throughout the rest of the year, and are continuing to train for 2017. I have done most of my training with Sgt. Sinclair in Bismarck, and some training with Deputy Thom with the Stutsman County Sheriff Office.

As a team, K9 Odin and I, for 2017 we are working towards getting certified for patrol work, which includes tracking suspects, locating articles/evidence, and apprehension of suspects.

Officer Andrew Staska
School Resource Officer Report
2016

At the end of 2015 and beginning of 2016, I was appointed to the position of School Resource Officer (SRO) for the Jamestown Public Schools and Jamestown Police Department. I was able to transition from my position as a patrol officer to SRO in March of 2016. When I was able to transition to the school district, Officer Nick Hardy had already transferred out and into a different position at the Police Department.

Before I moved to the SRO position full time, I began attending sporting events as the winter activities were finishing (mainly basketball and hockey) and started teaching Seat Belt Safety classes to 3rd grade students at the five elementary schools. This was my first experience inside a classroom as a Police Officer. There was no specific script or lesson plan for Seat Belt Safety, but as I did it several times, it became easier and I became more comfortable with the lesson, students and staff.

When I moved to the school full time, it was not only a big change for me, but also for the students and staff throughout the entire district. It took time to build relationships and understanding between the staff, students and myself. I did what I could to let people know I was available to help, listen and answer any questions I could. I struggled the most trying to figure out what I was supposed to be doing when I was not called to a school, so I began walking through hallways with students between classes, going into classrooms and visiting each school. I was thanked countless times for being visible, approachable and available. It took some time, but students began to open up and we were able to build some relationships.

I was asked to give a presentation for the Teen CERT class on "school safety", as Officer Hardy did in the past. I attended prom at the high school in April, without any problem at all. In May, I attended a week long Basic SRO training in Dickinson, ND. I was able to meet different Police Officers from around the state who had just started as SRO's, like myself, and others who were expecting to move into the role shortly. Our instructor was from out of state, so there was not a lot discussed about North Dakota Law, but more about the role of an SRO.

In the summer of 2016, I attended the ALICE active shooter training in Fargo, ND and the D.A.R.E. Instructor training in Pierre, SD. The ALICE training is a national training that's available to anyone and teaches people what to do in the case of an active shooter, whether it's in a school, church, business, government building, etc. I learned a lot from ALICE and hope to implement their procedures into the school district. The D.A.R.E. Instructor training was a two-week course that was comprised of Law Enforcement Officers from around the country. The training was much harder than any of us anticipated and taught us how to effectively teach a lesson from the D.A.R.E. curriculum. While at the training, I received two awards, The Spirit of Daren and Most Valuable Team Member.

By the fall of 2016, I was ready and excited for a full school year. By this time, many students knew me and felt comfortable coming up to me, even if I didn't know them yet. I've noticed that the majority of students and staff know me by name, as I can be out of uniform and they'll recognize me outside of school. There are so many students in the district that it's difficult to know them all, but they certainly seem to know me and feel comfortable approaching and talking to me.

I have since taken over many classes that Captain Gletne used to teach, as he was transitioning from a Lieutenant to Captain. These classes included Beware of Strangers, Latch Key (home alone safety), Halloween Safety, and Summer Safety. Though it's made my schedule busy, I believe it's been beneficial to the students, as they get to know me even more in the elementary schools. Also in the fall, I offered teachers in the district the chance for me to come into their classrooms and talk to their students about myself, the Police Department, Law Enforcement in general and how everyone can work together. I spoke to the majority of 7th and 8th grade classes on those topics and look forward to continuing that at both the middle school and high school.

As this is my first full year as the Jamestown SRO, I cannot compare statistics from prior years. It's also taken me some time to learn what I need to classify different calls for service as. I was initially told to just classify my calls for service at the school as SRO Education/Prevention or SRO Sporting Events. These calls range from me teaching classes, stopping out at different schools for various reasons to speaking with a student about a situation. Attached is a list of calls for service relating to the school district from 2016.

James-Valley Special Operations Team

End of the Year report for 2016

The James-Valley Special Operations Team (J-V S.O.T.) continues to be a multi-agency combined Special Operations Team comprised of team members and resources from the Jamestown Police Department, Stutsman County Sheriff's Office, Valley City Police Department, and the Barnes County Sheriff's Office. The James-Valley Special Operations Team saw a few changes in personnel during 2016 from some of the participating agencies which provide team members to the team.

The Jamestown Police Department appointed Officer Brandon Dockter to the team in January 2016. Officer Dockter has been employed with the Police Department since October 2013.

The Stutsman County Sheriff's Office did see a change in personnel. Deputy Matt Thom had made application to be appointed to the team in late 2015. However, Deputy Thom decided not to continue to pursue appointment with the team. Deputy Brian Wilkerson made application to the team and has been appointed to the team. Deputy Wilkerson had previously been employed with the Jamestown Police Department and has over 6 years of Law Enforcement experience. Deputy Wilkerson also comes with extensive military experience. The Stutsman County Sheriff's Officer currently have 5 deputies assigned to the Special Operations Team, along with 7 negotiators who are trained through the James River Correctional Center and are deputized when deployed and utilized for Crisis Negotiations by the James-Valley Special Operations Team.

The Valley City Police Department did not have any changes in personnel and still have 2 officers assigned to the James-Valley Special Operations Team.

The Barnes County Sheriff's Office did not have any changes in personnel and still have 2 deputies assigned to the James-Valley Special Operations Team.

The Jamestown Police Department currently has 6 sworn officers and 1 civilian secretary assigned to the Special Operations Team. The entire team is currently comprised of 15 tactical operators who specialize in the following areas: command, entry, sniper, chemical munitions / less-lethal munitions, and 7 negotiators when utilizing the deputized Crisis Negotiation Team members from J.R.C.C, and a team secretary. The Jamestown Police Department also has 1 alternate sniper and 1 pending application for appointment to the team, depending on availability and funding of additional equipment for the applicant.

Each year, the James-Valley Special Operations Team focuses on trying to continue providing quality specialized trainings unique to SWAT teams and continue to enhance team cohesion. To

meet this goal, the James-Valley Special Operations Team completed their annual minimum required hours of team trainings to remain a certified SWAT team, per the guidelines set forth by the North Dakota Special Operations Committee. Many team members also attended specialized trainings to maintain or enhance the team's capabilities when encountering situations during activations. The following is a list of trainings attended during this last year: Officer Stoen, Officer Dockter, Deputy Wilkerson completed SWAT basic; Officer Dockter, Deputy Wilkerson, and Deputy Davis attended basic sniper courses; Deputy White attended re-certification for deploying chemical agent munitions and less-lethal; Sgt. Mann and Officer Goff attended a carbine rifle armorer course; and several team members participated in a tactical team skills competition/challenge.

The James-Valley Special Operations Team is a North Dakota Special Operations Committee (N.D.S.O.C.) certified team. We are one of 7 certified regional response SWAT teams in the state of North Dakota. There are several requirements set forth by the N.D.S.O.C. which must be met in order to be considered a certified team. Some of these requirements include, staffing levels, having a trained negotiations team available, specialized trainings for team members, training a minimum of 96 hours per year, and equipment requirements. The 96 hours of team training includes difficult training curriculums for team trainings that are intended to challenge the team member's capabilities. These trainings also help to develop team unity and cohesion, which is essential to be a successful team. We continue to alternate training sites between Jamestown, Valley City, and other rural locations and ranges, which help provide a suitable setting for quality training. The James-Valley Special Operations Team continues to meet these requirements, which is an asset to public safety in our communities and surrounding areas.

By being recognized as a certified team, the James-Valley S.O.T. can be called upon to assist in critical situations. Some of those situations include the following: armed and/or barricaded subject; high-risk search/arrest warrant service; hostage situations; search and rescue of victims, suspects, or dangerous offenders; riots; and any other detail which cannot be completed successfully without utilizing the resources which the James-Valley Special Operations Team can provide during an event.

As a certified team, the James-Valley Special Operations Team can be called upon to respond to any location, but will primarily provide support in the 7 surrounding counties to Stutsman County. If we do travel outside the jurisdiction of any participating agency of the team, we are eligible to receive reimbursement for ALL expenses occurred by the team and its agencies. In return, the North Dakota Special Operations Committee helps to provide training and training funds to certified teams.

Equipment and training remain the top priorities when looking at what immediate needs the team has to continue to operate successfully and safely.

During the 2016 year, the James-Valley Special Operations team was activated a total of 11 times.

On 02/22/16, at approximately 1958 hrs., the J-V Special Operations Team was activated to respond to an apartment complex in southwest Jamestown. The suspect inside had committed a felony and was threatening to kill law enforcement that had already responded to the incident. The suspect stated he had numerous guns in his apartment and was reported to be extremely intoxicated. The suspect made many threats from inside his residence and several neighboring apartments had to be evacuated for other residents' safety. The suspect was armed and barricaded. Eventually, the suspect opened the apartment door and displayed a weapon. A Taser was used and the subject was taken into custody, with a minor injury to one of the responding officers.

On 03/31/16, at approximately 0500 hrs., the J-V Special Operations Team was activated to assist executing a high-risk arrest warrant on a subject who was wanted for Felony charges; was reported to be in possession of a firearm; had fled from the Police in the past; and had pled guilty to being in possession of a firearm recently. The location was in rural Stutsman County. The arrest warrant was executed and the suspect was taken into custody, without any injuries or further incident.

On 06/4/16, at approximately 1150 hrs., the J-V Special Operations Team was activated to respond to an apartment complex in Valley City. An off-duty Barnes County Deputy witnessed a wanted fugitive enter into an apartment. The fugitive had an active warrant for his arrest and had previous convictions for a felony and drugs. A search warrant was obtained for the residence, as the Valley City Police Department had received intelligence the suspect was armed with a handgun and had fled law enforcement previously. The team surrounded the complex, after several attempts to contact him were unsuccessful. Eventually, the suspect came out of the apartment voluntarily and was taken into custody, without incident. A subsequent execution of the search warrant located a firearm inside the apartment.

On 08/23/16, at approximately 0910 hrs., the J-V Special Operations team was activated to assist in trying to locate a fugitive who had just committed several violent felonies in the southwest part of Jamestown. The suspect fled the area and was considered a danger to the public, as he was an absconded offender and had previous convictions for charges of violence/intimidation. The J-V Special Operations Team was able to provide additional personnel and equipment to search a large area of rugged terrain. The suspect was located by law enforcement personnel and taken into custody.

On 10/5/16, at approximately 1200 hrs., the J-V Special Operations team was activated to respond and assist with the on-going riots related to the Dakota Access Pipeline in Morton County. There had been numerous intelligence reports distributed state-wide that some rioters were armed with firearms and some of the rioter's encounters with Law enforcement showed they had a propensity to use violence toward Law enforcement. On this date, there were a large number of rioters who left the protest camp and tried to clash with Law Enforcement. A request from Morton County Sheriff's Office went out calling for assistance with additional resources, to include less-lethal capabilities and chemical agent munitions. The J-V Special Operations Team responded to Morton County, to provide those additional resources. Upon arrival, the rioters had de-escalated and were retreating back from trying to engage Law Enforcement. The Special Operations Team returned to Jamestown.

On 10/8/16, at approximately 0230 hrs., the J-V Special Operations Team had a partial team activation to respond to an area in southeast Jamestown. Information had been provided by another Law Enforcement Agency to the Jamestown Police Department that a suspect who was wanted for committing a violent felony with a firearm in another state was going to be in the area. The suspect had a warrant out for his arrest and was considered armed and dangerous. The J-V Special Operations Team conducted an Operation to try and locate the suspect. He was not located in the area and was subsequently taken into custody in another jurisdiction the next day.

On 10/23/16, at approximately 0830 hrs., the J-V Special Operations Team was activated for a planned extended deployment to Morton County, for the on-going Dakota Access Pipeline riots. The Special Operations Team was deployed from 10/23/16 to 11/6/16. The J-V Special Operations Team was requested to provide one of the SWAT support elements for Law Enforcement, while trying to safely resolve and conduct planned movements of rioters. The J-V Special Operations Team also provided less-lethal and chemical agent munition options while securing certain areas of Morton County. During one of the days of this deployment, team members faced grave risk/danger to themselves from rioters, who shot a weapon at Law Enforcement Officers and had rocks, tree branches, Molotov cocktails, and other blunt objects thrown at them.

On 11/09/16, at approximately 1732 hrs., the J-V Special Operations Team was activated to assist in trying to locate a suspect that had escaped custody and fled from a Deputy of another jurisdiction, while he was being placed into a transport van at the North Dakota State Hospital in Jamestown. The Special Operations Team was utilized to provide lighting sources, additional personnel used to search terrain, night vision equipment, and a UTV (utility task vehicle). The suspect was located in a slough, west of the North Dakota State Hospital. He was returned to custody without further incident.

On 11/23/16, at approximately 2222 hrs., the J-V Special Operations Team was activated to be deployed to Morton County, for the on-going Dakota Access Pipeline riots. Morton County requested additional resources to respond, as the intelligence they had received indicated rioters may attempt to cause several violent incidences within that area. The Special Operations Team responded to provide additional SWAT support elements and resources to other Law Enforcement personnel already in Morton County. The J-V Special Operations Team remained there until later into 11/24/16, before returning to Jamestown.

On 12/3/16, at approximately 1808 hrs., the J-V Special Operations Team was activated for a planned extended deployment to Morton County, for the on-going Dakota Access Pipeline riots. The Special Operations Team was deployed from 12/3/16 to 12/11/16. The J-V Special Operations Team was requested to provide a SWAT support element for Law Enforcement and National Guard personnel assigned to Morton County and to provide less-lethal and chemical agent munition options while securing certain areas of Morton County.

On 12/26/16, at approximately 2033 hrs., the J-V Special Operations Team was activated to respond to a trailer court in northeast Jamestown. A suspect had committed a crime involving violence, was known to be in possession of several firearms, was intoxicated, and made threats of harming people, including Law Enforcement. The suspect refused to speak to Law Enforcement or Negotiators and barricaded himself inside his residence, while in possession of firearms. Several residents in the surrounding area were safely evacuated from the immediate area. An armored vehicle was brought in from another jurisdiction and was utilized in successfully making entry into the residence, after a search warrant was obtained. The suspect eventually came out and was taken into custody, without further incident.

As a part-time specialized team, we continue to strive to provide a well-trained and equipped response team when called upon in Jamestown and surrounding areas, to handle and resolve critical incidences, as they arise.
