PUBLIC RELATIONS
&
SPECIAL SERVICES

PUBLIC RELATIONS:

Identity theft and scam education continue to be very popular and requested classes are given by the Detective Division of the Jamestown Police Department.

Other presentations were given to various groups covering traffic laws, domestic violence, duties of a police officer, sexual assault or other police related topics as requested. At the Jamestown Police Department, we feel it is necessary to be involved with the community and interact with them and we will continue to do that.

2018 again showed a substantial increase in the number of people reached by our Facebook account. A total of 47,315 were reached through the page, with our Likes increasing to 2343 and we now have 2396 individuals who follow our page. This indicates that the Facebook page is a viable tool for interacting with the citizens of Jamestown. The page is used to make public service announcements, offer crime prevention tips and to make people aware of the programs and activities that the Police Department and our officers are involved in. The activity on the Twitter account remains slow.

Police Department tours offer the opportunity to become informed on the operation of the Jamestown Police Department, Stutsman County Communications Center and the Stutsman County Correctional Center.

GAMING ENFORCEMENT:

The department's gaming enforcement program works towards the goal of ensuring that those who conduct or play the games of chance in Jamestown are protected by the state gaming rules. To accomplish these goals, the Jamestown Police Department, working with the ND State Gaming Office, review complaints of gaming violations.

BICYCLES:

In 2018 there were a total of 5 bicycle licenses sold. There were 27 bikes reported stolen with a total of 34 abandoned or stolen bikes recovered in 2018.

JAMESTOWN POLICE DEPARTMENT CITIZEN'S ACADEMY

In 2018 the Jamestown Police Department held its first ever Citizen's Academy. The Citizens Academy was designed to build a stronger relationship between the community and the Police Department and to possibly use as a recruitment tool for potential new officers.
The Citizen's Academy consisted of 10 weeks with attendees meeting every Monday night, 6pm to 9pm from October 8th to December 10th. The Academy consisted of instructors from the Jamestown Police Department, North Dakota Highway Patrol, Stutsman County Sheriff's Office, and a District Judge (Judge Clark). The following topics were covered:

- LEC Tour/Equipment
- Firearms
- Traffic Stops/Simulated Traffic Stops
- Vehicle Pursuits
- Criminal & Traffic Law
- School Resource Officer
- K9 (Odin)
- Use of Force
- Taser
- Criminal Investigation
- Street Crimes
- DUI Investigation
- Domestics
- Fire Investigation
- Drug Investigations
- Swat
- Accident Investigation
- District Judge

We had several different officers teach these topics. It gave our officers a chance to interact with several citizens and also gave the attendees a chance to ask these officer questions and have discussions that our officers typically would not have on routine patrol.

We received 16 applications for the Citizen's Academy and limited the class size to 12. Of the 12 attendees it consisted of a wide variety of citizens from individuals interested in being in Law Enforcement to individuals who just wanted a better understanding of what Law Enforcement and the Jamestown Police Department do. We received very positive feedback from the attendees and considered this program more successful than expected. Due to the positive turnout we will be looking to have another Citizen's Academy in the spring of 2019.

2018 Canine Year End Report

2018 was a good year for K9 Odin and me. We didn't have as many CFS this year as last year, but our number was still at 49 CFS for the year. Like last year, we assisted several agencies to include: Parole and Probation, NDHP, and Task Force.

This past year I have even made it out to the Jamestown Airport to conduct a sniff of baggage leaving and coming into the Airport. I was informed by TSA staff that they appreciate this and to come out whenever possible.

This past year we had numerous callouts to include 1 SOT callout. I don't believe K9 Odin conducted as many vehicle sniffs as last year, but the building searches were up from last year.

In September K9 Odin and I went to SKIDDS training in Devil's Lake. This training was to incorporate the SOT guys and get basic fundamentals on how to use the K9 on SOT Callouts. I had 4 SOT Members come with me. Since this training, LT Mann has been good about getting the K9 used in our monthly training to some extent. The SOT members are getting used to having the K9 run around and able to give some commands.

In July we went to the Midwestern Seminar in Bismarck again. During this week long training, we conducted scenarios for traffic stops/vehicle sniffs, building sniffs, building searches, and of course ending with the competition. During this K9 Odin and I got recertified in Narcotics, as well as Patrol (ie: apprehension, recall, and obedience). This competition part at the end of the seminar includes all the things we have learned and practiced during the week (patrol training only). This year K9 Odin and I placed 4th as a team, which I felt he did very well on.

After this seminar, K9 Odin and I got recertified through the National Police Canine Association (NPCA) for narcotics (Marijuana, Methamphetamine, Heroin, and Cocaine) and patrol.

Odin still has his moments/days when I deploy for a sniff on a vehicle, he isn't focused. I feel this has gotten better from last year at least. I continue to train with him as much as I can. I am constantly working on obedience while at home, and working his listening skills.

This upcoming year, it sounds like we are going to be doing some sort of training with K9 Odin every month. My goal is to continue to work with gun shots (as he still gets anxious around them) and work more on tracking and building searches. I have reached out to the guys around the department to assist with doing some training, and there are 2 guys that were willing to do this.

Being short-handed at work as a department, it hasn't been easy to try and be proactive with Odin on traffic stops. Hopefully this year we can be more proactive and be able to do self-initiated stuff rather than waiting for a call.

We continue to go to Bismarck for training, when we are invited. And we have gone to numerous trainings together to get better as a team.

STUDENTS ARE ADVISED TO RECEIVE PROPER INSTRUCTION ON HOW TO USE MATCHES AND LIGHTERS FROM AN ADULT. EXAMPLES OF THE MISUSE OF FIRE ARE GIVEN ALONG WITH SAFETY INFORMATION ON HOW TO PREVENT FIRES.

Officer Andrew Staska
School Resource Officer Report
2018

2018 was the beginning of my third full year as the School Resource Officer for the Jamestown Police Department. I started in this position during the 2015-2016 school year. As the School Resource Officer (SRO) for Jamestown Public Schools, I continue working in 7 different schools, which includes the Jamestown High School, Jamestown Middle School and all 5 elementary schools. There are times I get asked by private schools in town for advice or help on something, but not on a regular basis.

My office remains in the High School, though I've learned that I really don't get to spend too much time there, as I'm often on the move. I prefer to be engaged with students in a variety of ways instead of sitting in an office. I try engaging students by walking hallways, stopping in classrooms and even teaching classes. Most of my classes occur at the elementary level, but the High School has added a new "Flex" period this year, which allows anyone to come into the school and teach a class or talk about a topic they believe students would be interested in. Due to my schedule and other events so far this school year, I haven't been able to take advantage of this opportunity very much, but hope to do so a lot more moving forward now that it's an option.

As with any Police Officer, an SRO wears many "hats" and has a lot of different roles. An SRO is there to build relationships with students, be involved in school activities, being seen and engaging, prevent and investigate crimes, improve school safety and many other duties. In my opinion, they're all very important, but building relationships with staff and students helps in every other aspect. I've learned that building relationships and trust with others is a never ending task. It's the reason why I'm visible, why I attend so many events and why I try engaging so many students. I've also learned that if I want to build relationships, I have to initiate the interactions with students most of the time. To myself, I'm just a normal person and don't feel any different than anyone else. However, to others, I realize that they see me as a Police Officer and they might have a different view or thought about me right away. I've found that if I initiate the contact or conversation with them, I'm able to show them there's nothing to be afraid of and they have nothing to worry about. This has forced me out of my personal comfort zone and I believe it's made me an even better and well-rounded person and Officer. This has been a challenge for me personally, but it's something I continue working on.

I view the SRO position as something of a community relations position. I'm frequently getting asked questions by students, parents, teachers and community members about my job, the job of a Police Officer, the Police Department, different incidents the Police are involved with, events the Police Department is sponsoring, etc. People from the school and community feel comfortable enough with me to ask questions and have discussions with me. I'm asked to participate in or am involved with different activities like tours of the Law Enforcement Center for Boy Scouts, Girl Scouts, school groups, or other organizations. I get asked to be a part of several career days throughout the year and give talks to different groups like the Kiwanis and Rotary Club. I put together or assist in putting together different activities throughout the year,

such as the Kid's Safety Day, National Night out, College Block Party and the Pork Open. The SRO position is very active and involved with the community.

In the past year, I have made suggestions to improve school safety, as I have in the past. The Jamestown School District proposed a referendum to the residents of Jamestown in the fall of 2018 and a portion of it would have funded school safety upgrades. However, the school safety plans were just a small part of the overall referendum, which was voted down. I strongly believe improvements need to be made and will continue working with the school district on suggestions and how we can implement them. I'm confident the district will explore different ways to pay for not only the school safety improvements, but the other pressing needs as well.

One of the biggest and newest problems facing schools and their students is vaping, which is essentially an electronic cigarette. The "old way" of smoking would be with a lighter and a cigarette. The "new way" is a small handheld device that's powered by an internal battery and can be charge by plugging it into a wall outlet, just like a cell phone. There are many different devices (Juul's, Vapes, E-Cig, etc) and each works a little different than the other. A Juul is a long skinny device that uses "pods". The "pods" are filled with a liquid and when the liquid is all gone, the "pod" is replaced with a new "pod". From research, it's believed that one "pod" has the same amount of Nicotine as a pack of cigarettes, making them very addictive. Juul's give off very little smoke, don't have much of an odor and make none to very little noise, making them very hard to detect.

A Vape is a larger device that's placed in the palm of a hand. A Vape is also electronic, but does not have a "pod". A Vape device requires an individual to pour a liquid into the device (similar to what's in a Juul "pod"), which is then burned when the device is activated and creates smoke like a cigarette. These devices are much larger than a Juul, they make a lot more noise and create a lot more smoke. I haven't run into this issue at school, but people are also placing Marijuana or Marijuana wax into these devices and smoking it that way.

These smoking devices are not specific to Jamestown, but have become an epidemic across the entire country and in every school. Many students believe these devices are better than cigarettes and don't believe there's anything wrong with them. Even with research and education, it's like any other drug. Some students listen and stay away, others continue to use and don't see the problem with it. Some of these devices are very difficult to detect, so students feel comfortable using them, whether it's in the classroom, hallway or bathroom. I have confiscated many devices in the past year, as they get caught in a variety of ways. Whether they get caught using it, because it's visible in their car or they're in trouble for something else and it's discovered. These violations are treated the same as Tobacco Violations.

Every Wednesday, I continue to attend the Stutsman County/Barnes County Juvenile Drug Court program. Juvenile Drug Court is a program for youth that have been in trouble with drug use and Juvenile Court believes it's necessary or that they could benefit from being in the program. Most participants are from the Jamestown or Valley City area, so I know most of them before Drug Court. Once they're in the program, they're monitored much closer by the Drug Court Team, which meets once a week for court. The participants have community service hours, community programs they participate in, they're drug tested frequently and are encouraged to do positive things in their life and within the community. If they do not follow their court orders each week or continue getting in trouble, they have sanctions, which are determined based on what they did or didn't do.

I attend Juvenile Drug Court as a representative of the Jamestown Police Department, but as mentioned before, many of the participants know me from being their SRO at school. These participants have had legal issues already, but I believe my participation in Drug Court is positive for them, because I'm there supporting them and encouraging them to make good decisions, instead of always having Law Enforcement "catching" them or "getting them in trouble." This program is a national program and in some areas, they have an Adult Drug Court. The participants time on Drug Court is based on how well they do and their willingness to not use drugs and follow the programs rules.

Initially, I had a difficult time and didn't think the program worked. We had participants graduating the program, but then falling back on the same addictions or friends and getting into trouble once again. We also had participants failing out of the program before completing it based on their behaviors and usage. However, someone explained to me that while these participants are on Drug Court, most of them are sober and making positive decisions. We can't follow them and the things they're doing forever, but for the time we can, we hope to create positive things in their lives and give them every opportunity to succeed. I do think this program is worth having and participating in. As I mentioned, we can't follow them forever, but while in the program, they're receiving positive structure, support and knowledge to make the best decisions possible moving forward. It's also showing a positive view on Law Enforcement and the Justice System, as we're there to help and support them any way we can.

I don't believe you can judge the SRO position based on the number of calls for service (CFS) or what those calls for service are. In reality, for every call for service that's made, there's probably one or two other things I've done that don't show up on paper. However, in 2018, I had 687 calls for service as the SRO. 345 of those CFS were for SRO Prevention Education, which is used any time I teach a class, get called to a school for an incident or stop at a school to check in with staff or students. I also had 36 for Sporting Events I attended, which is typically Football, Volleyball, Basketball and Hockey. I had 36 Welfare Checks, 22 Unruly Juveniles, 25 Public Relations, 11 Disorderly Conducts and 6 Simple Assaults. There were many other CFS's made, but those were the most common.

So far I've really enjoyed my time as the SRO in Jamestown. The positive interaction with staff, students, parents and community members has been appreciated. It's not always positive or easy, but the majority of people are good to work with. It's hard for me to go anywhere outside of work and not get recognized by someone because of my position as SRO. I believe that can be attributed to the relationships I've built already and the relationships I continue to build. As mentioned before, it's a never ending task and it takes a lot of work, but I look forward to continuing that job.

James-Valley Special Operations Team

End of the Year report for 2018

The Jamestown Special Operations Team (JSOT) is a combined agency Special Operations Team that has members from the Jamestown Police Department, Stutsman County Sheriff's Office, Valley City Police Department, and Barnes County Sheriff's Office. 2018 saw multiple personnel changes on the team. Team Commander Justin Blinsky resigned from the team due to a promotion within the department. Lieutenant Sid Mann was promoted to Team Commander in May. The Jamestown Police Department added Officer Cuyler Johnson, Officer Jordan Kynaston, and Officer Andrew Staska, and Officer Pat Nelson to the team. Barnes County added Josh Magnsuon to the team. The Stutsman County Sheriff's Office added Deputy Sadie Holzworth to the Crisis Negotiations Team. This brought team membership to JPD with 9 officers, K9 Odin, and 1 administrative assistant, SCSO with 5 deputies, BCSO with 2 deputies, and VCPD with 1 officer. JSOT continues to utilize trained CNT negotiators from JRCC under the direction of Captain Brian Dreher.

The team is comprised of 16 members and K9 Odin who are trained in special weapons and tactics to include: command and leadership, entry tactics, CQB, sniper, chemical munitions, impact munitions, breaching, armored vehicle operations, tactical medical, hostage rescue, and K9 tracking and apprehension.

Each year JSOT strives to provide quality training to its members. The team completed annual minimum training hours to remain a certified SWAT team set forth by the ND Special Operations Committee. New team members completed SWAT Basic Training and senior members attended 2 training conferences to enhance their skill set. K9 Odin was integrated into the team after members attended a specialized training called S.K.I.D.D.S. which was put on at Camp Grafton and attended by team members Odin, Stoen, Goff, Mann, and White. The team again traveled to Helena, MT to attend a specialized SWAT conference where members were exposed to experienced instructors and learned new tactics.

As a certified NDSOC team we must meet certain qualifications which include 96 training hours, staffing levels, CNT, and certain equipment and capabilities. We train at areas in our response jurisdiction to prepare for any situations that we may be called to respond to.

In 2018 we responded to Dickey County to execute a high risk arrest warrant on January 30. JSOT and Dickey County deputies took the suspect into custody.

JSOT responded to rural Woodworth on February 21 to respond to an armed standoff between Stutsman County deputies and a suspect. The incident ended prior to JSOT arrival.

On March 15 JSOT was tasked with serving and executing a high risk search warrant in Jamestown. During the mission preparation the subject left in a vehicle. Due to the subject's behavior the warrant was not executed.

On March 29 JSOT was activated to shots being fired at the Buffalo Motel in Jamestown. JSOT set a perimeter and ultimately searched and cleared the entire motel deeming the report to be false.

On April 10 JSOT was activated and executed a high risk search warrant in Fingal, ND for drugs and weapons. Drugs and paraphernalia were found.

On October 7 JSOT was activated for a home invasion in NW Jamestown. The suspect was taken into custody.

The team has also started to utilize patrol level response from operators which shows a lower level of response and more discreet presentation with highly trained members executing dangerous functions. Members assisted with an armed, barricaded, suicidal subject in just outside of Jamestown providing armor, extra surveillance, and medical capabilities in a dangerous inner perimeter. We also provided crisis negotiations on scene. We utilized team members in a patrol response to assist the drug task force with a search warrant in SW Jamestown. Drugs and drug paraphernalia were seized and arrests were made. We also responded in a similar fashion to assist in the apprehension of a subject with a federal arrest warrant. We helped US ATF agents in the apprehension of a subject in SW Jamestown. The team would have been used exclusively, but a rapidly evolving situation dictated the usage of available resources to seize a window of opportunity to take the suspect into custody before the team was fully briefed.

JSOT members continue to re instruct important topics to the patrol level personnel to better prepare officers for the increased demand put on them as the first responders to dangerous situations. JSOT members instruct the following: firearms, less lethal impact munitions, tactical medical, breaching, CQB, and defensive tactics.

The team continues to serve the community as well. The team volunteered and moved SAFE Shelter from their old building to the new facility, Mary's Place. JSOT also partnered with University of Jamestown Men's Hockey and spent a day putting the hockey team through the confidence course at JRCC followed by firearms instruction, armored vehicle operations, and K9 apprehension.

JSOT will continue to provide a well trained and dedicated group of officers to the region to respond to incidents that require such expertise.

Lt. Sid Mann
Team Commander

STUTSMAN COUNTY NARCOTICS TASK FORCE
YEAR END REPORT 2018

The Stutsman County Narcotics Task Force is a multi-jurisdictional and multi-agency Task Force covering the counties of Stutsman, Barnes, LaMoure, Eddy, and Foster. The Stutsman County Narcotics Task Force is dedicated to the identification, investigation, and prosecution of the individuals involved in the use, manufacturing, and distribution of controlled substances.

The Stutsman County Narcotics Task Force is made up of four (4) sworn Law Enforcement Officers. Deputy John Hirchert, with the Stutsman County Sheriff's Office, has been a member for three (3) years, Deputy Doug Muske, with the Stutsman County Sheriff's Office, has been a member for eleven (11) years and is stationed in Barnes County. Officer Logan Hord, with the Jamestown Police Department, was with the Task Force for one (1) year before moving to Minnesota in the beginning of December. Special Agent Troy Kelly has been supervising the Task Force for six (6) years. The officers are assigned to work certain areas, but the officers have been deputized in all five (5) of the counties that are part of the Task Force and must share the responsibility for all of the counties involved.

The Task Force had a total of 74 cases in 2018, which is slightly down from 86 cases in the previous year. The Task Force initiated 55 cases and assisted other agencies with 19 cases. Of the 55 initiated cases, the Task Force had 59 arrests, and many still pending, related to drug related offenses such as Possession of Controlled Substances, Possession of Drug Paraphernalia, Manufacture of a Controlled Substance, Delivery of a Controlled Substance, and Criminal Conspiracy to Deliver a Controlled Substance.

In 2018, the Task Force seized/purchased approximately 98 ounces of marijuana with an approximate street value of $44,100. This number is considerably up from last year. Not included in that number is 28 vials of liquid THC with an approximate street value of $1,960.

In 2018, the Task Force seized/purchased approximately 129 ounces of methamphetamine with an approximate street value of $722,400. This number is immensely higher than last year which continues with the trend of methamphetamines being a large problem in our area. The Task Force has worked diligently to identify and work cases on individuals buying and selling large amounts of methamphetamines.

In 2018, the Task Force seized/purchased approximately 205 dosage units of controlled prescription drugs, LSD, and MDMA which is double from the year prior.

In 2018, the Task Force seized/purchased approximately 6 grams of Psilocybin mushrooms with an approximate street value of $48.

Besides initiating/assisting on cases, Task Force continues to provide free teaching and training in the school systems, businesses, and special interest groups throughout the area covered by the Task Force.

In summary, in 2018 the Stutsman County Narcotics Task Force initiated/assisted 74 cases involving the seizure/purchase of marijuana, methamphetamine, MDMA, psilocybin, and prescription controlled substances. The Task Force removed a substantial quantity of illegal narcotics, and distributors/manufacturers of those narcotics, from the streets and communities in Stutsman County, LaMoure County, Barnes County, Eddy County, and Foster County.

*Note: Several cases are still at the State Lab of Toxicology being analyzed. Actual weights would be higher. Several cases have yet to be forwarded for formal complaints. Actual arrests would be higher.

REPORT SUBMITTED BY THE STUTSMAN COUNTY NARCOTICS TASK FORCE

2018 ANIMAL CONTROL REPORT:

In 2018, there were a total of 966 calls pertaining to animals. The majority of these calls were to complain about animals at large or being a nuisance. 26 of these calls were regarding people being bitten by animals. 19 calls were to investigate cruelty to animals. These calls for service, along with routine patrol, resulted in 171 animals being impounded. These animals were handled as follows:

Animals returned to owners..... 57
Animals euthanized..... 22
Animals released to Rescue 79
Animals placed from the pound. 13

There were a total of 17 animal arrests for the year 2018.

There were 228 dog licenses and 80 cat licenses issued in 2018 as well as permits for 21 private kennels and 0 commercial kennels. The total cost of veterinary fees in 2018 was $362.00. This includes testing cost for rabies evaluation.

TOTAL FEES TURNED INTO CITY IN 2018:

DOG LICENSE FEES.. ....$6,080.00
CAT LICENSE FEES... ....$1,201.00
KENNEL PERMIT FEES..... .....$1,360.00
ANIMAL IMPOUND FEES..... .....$1,020.00

We continue to receive donations of food, treat and blankets from rescue groups. There has been an ongoing problem when it comes to rabies quarantine as the pound is not set up for long term care of animals.

2018 Pork Open Golf Scramble

The 2018 Pork Open Golf Scramble was held at Hillcrest Golf Course on August 18th, 2018. We had 15 teams participating this year with four players per team, equaling out to a total of 60 golfers. In 2017, we had a total of 72 golfers, so our participants were down, but that was due to a few teams having to back out at the last minute. Otherwise, we would've had just as many golfers. Most of the rules, regulations and prizes were the same as last year. We had Scratch and Handicap winners for both first and second place teams. "Orr"iginals donated windbreakers or sweatshirts for the first and second place teams.

There were hole prizes at almost every hole, which were donated by the Business Community in Jamestown. We didn't have as many "whacky" (as some golfers referred to them as) challenges this year, but kept some and added the "Best Dressed Team". Several teams dressed up together with themes, while others dressed up individually. We again had a small silent auction, which has added to our donations in each of the last three years.

The Tournament proceeds went directly to the Pork Open account, which will benefit the D.A.R.E. program that's taught by me and other programs, such as the kid's safety day every summer. This event is what keeps funding such programs every year and in my opinion, has been a great contribution to the community, specifically children.

For a meal this year, we had burgers, chips, salads and water or lemonade. The burgers were actually left over from the Police Department's inaugural National Night Out event over the summer, and had been donated by Walmart. It was the same meal as last year and seems to work well, as I don't have to estimate quite as much.

This was another successful year for the Pork Open and I can't thank the community and businesses enough for their donations. This was the 22nd Pork Open Scramble, my 2nd year running it and I look forward to continuing this event.

Respectfully Submitted,

Officer Andrew Staska
