

FRIENDLY SNOW REMOVAL REMINDER TO ALL LOCAL CONTRACTORS

Please do not pile, snow blow, or push snow onto neighboring properties. We realize there are some areas where it is almost impossible or difficult not to do so, but please reach out to neighboring landowners or residents for permission before doing so.

Do not place snow piles in locations where the piles **obstruct intersection sight distances**, if at all possible.

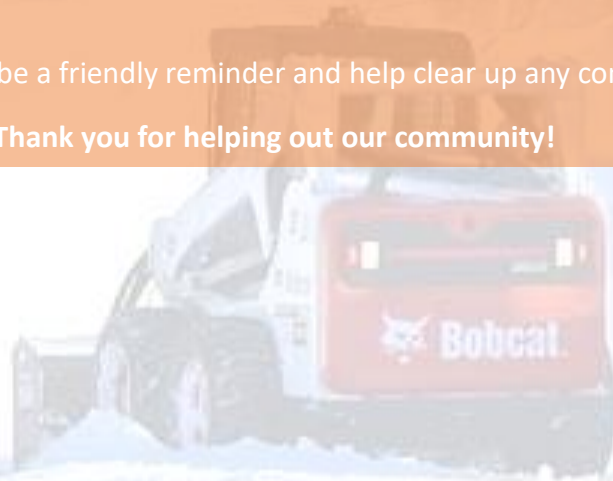

Our winters have been brutal, let's do our best to work together and have patience as we near another winter season.

If you have any questions at all on where to place snow, call the Street Department Shop at 252-4221 or the Street Foreman at 320-5501.

Please pass along this information to your staff and anyone else you know that helps with snow removal.

This is meant to be a friendly reminder and help clear up any confusion. 😊

Thank you for helping out our community!
